

**WHAT IS CLAIMED IS:**

1. A wrap comprising a camouflage pattern applied thereon, wherein said wrap is a self-adherent wrap.

5           2. The wrap of claim 1, wherein said wrap does not adhere to an object to which said wrap is applied.

3. The wrap of claim 2, wherein said object is selected from the group consisting of a gun, a bow, a knife, a body part, a flashlight, a water bottle, a portion of a hunting blind  
10 or stand, boots, a backpack, a camera, and a vehicle.

4. The wrap of claim 1, wherein said camouflage pattern is applied to said wrap before said wrap is applied to an object.

15           5. The wrap of claim 1, wherein said camouflage pattern is applied to said wrap after said wrap has been applied to an object.

6. The wrap of claim 1, wherein said camouflage pattern is applied to one side of said wrap.

20

7. The wrap of claim 1, wherein said camouflage pattern is applied to both sides of said wrap.

8. The wrap of claim 7, wherein a different camouflage pattern is printed on each  
25 side of said wrap.

9. The wrap of claim 1, wherein said camouflage pattern is selected from the group consisting of palmetto, treebark, hardwoods, hardwoods snow, timber, wetlands, mossy oak, forest floor, shadowgrass, fall foliage, breakup, mottled, and striped.

30

10. The wrap of claim 1, wherein said camouflage pattern is made from any one or more color selected from the group consisting of green, gray, brown, yellow, red, black, and white.

5 11. The wrap of claim 1, wherein said camouflage pattern is three-dimensional.

12. The wrap of claim 1, wherein said wrap is impregnated with silicone, one or more compounds that provide an anti-UV coating, one or more compounds that provide an infra-red detection deterrent coating, one or more compounds having an odor, one or more  
10 compounds that block odors, insect repellent, one or more anti-fungal compounds, and/or one ore more anti-bacterial compounds.

13. The wrap of claim 1, wherein said wrap is reusable.

15 14. A method of removably camouflaging an object, comprising the step of:  
providing an object; and  
applying the wrap of claim 1 to said object.

15. The method of claim 14, wherein said object is selected from the group  
20 consisting of a gun, a bow, a knife, a body part, a flashlight, a water bottle, a portion of a hunting blind or stand, boots, a backpack, a camera, and a vehicle.

16. The method of claim 14, wherein said wrap does not adhere to said object.

25 17. The method of claim 14, further comprising removing said wrap from said object.

18. The method of claim 17, further comprising reapplying said wrap to said object or to a different object.

30

19. A method of removably camouflaging an object, comprising the step of:

providing an object; and  
applying the wrap of claim 1 to said object, wherein said applying does not  
require pretreatment of said object.

5           20.    A method of removably camouflaging an object, comprising the step of:  
                  providing an object; and  
                  applying the wrap of claim 1 to said object, wherein removal of said wrap  
from said object does not require use of a release agent.

10           21.    A method of making a camouflage wrap, comprising the steps of:  
                  providing a wrap, wherein said wrap is a self-adherent wrap; and  
                  applying a camouflage pattern thereon.

                  22.    The method of claim 21, wherein the camouflage pattern is selected from the  
15   group consisting of palmetto, treebark, hardwoods, hardwoods snow, timber, wetlands,  
mossy oak, desert, forest floor, shadowgrass, fall foliage, breakup, mottled, and striped.

                  23.    The method of claim 21, wherein said applying is performed by a  
manufacturer of said wrap.

20

                  24.    The method of claim 21, wherein said applying is performed by an end-user of  
said wrap.
